1 GENERAL FRAMEWORK

1.1 Purpose and Reference Legislation

In accordance with Italian legislation governing the Right to University Education, a Call for Applications is issued for the award of scholarships and other benefits to students already enrolled, or intending to enrol, in first- and second-level Academic Diploma programmes offered in Academic Year 2026/2027 by Istituto Marangoni School of Fashion and Istituto Marangoni School of Design in Milan, and by Istituto Marangoni School of Fashion & Art in Florence.¹

The funding derives from the contributions allocated by the MUR and the Lombardy Region.

For the sole purposes of this Call, Istituto Marangoni operates as a private entity managing and providing a public service.

The person in charge of the procedure² is Davide Alesina Maietti.

This call for applications was approved by the Academic Council on 04/06/2026 and also incorporates the provisions of DGR no. 6298 of 15.6.2026 after that date.

1.2 Definitions

In Appendix 1 you will find the definitions of specific terminology used in this Call: "Beneficiary", "Eligible non-beneficiary", "Partial beneficiary", "First-ever enrolment", "ISEE", etc.

1.3 Data Processing

The personal data provided by candidates as part of their participation in this call for applications will be processed by Istituto Marangoni S.r.l., in its capacity as Data Controller, exclusively for purposes related to the management of the procedure for awarding the benefits provided for in the call, verifying the requirements, drawing up the rankings and fulfilling legal obligations.

The processing is based on the fulfilment of legal obligations to which the Data Controller is subject, pursuant to art. 6, par. 1, letter c) of the GDPR.

The provision of data is mandatory for the evaluation of the application and any refusal to provide the requested data will make it impossible to participate in the procedure or to obtain the requested benefit.

The data may be communicated to public or private entities in the cases provided for by current legislation and limited to what is necessary for the purposes indicated above. The data will not be disseminated, except in cases expressly provided for by law (for example through the publication of rankings in compliance with the principles of minimization and proportionality).

The data will be stored for the time necessary to manage the procedure and subsequently for the period provided for by the applicable legislation on administrative, accounting and archiving matters. Therefore, the data relating to applications that have not been accepted will be kept for a maximum period of 24 months from collection. The data relating to the accepted applications and the assignment documentation will be kept for a maximum period of 10 years from the termination of the benefit.

Data subjects may exercise the rights provided for in Articles 15 et seq. of the GDPR, including the right of access, rectification, erasure where permitted, restriction of processing and objection, by contacting the Data Controller at privacy@istitutomarangoni.com. If they believe that the data processing is carried out in violation of current legislation, the data subjects also have the right to lodge a complaint with the Guarantor for the protection of personal data.

For more information on the processing of personal data, you can consult the complete privacy policy available at <https://www.istitutomarangoni.com/it/privacy>.

2 BENEFITS OFFERED IN THE COMPETITION

¹ This competition is announced, pending the implementation of Legislative Decree 68/2012, in accordance with the provisions established by the law of the Lombardy Region of 13 December 2004, no. 33, art. 3, by the decree of the President of the Council of Ministers of 9 April 2001 (as provided for by art. 8 of Legislative Decree 68/2012), by the Ministerial Decree MUR no. 1320/2021 and by the resolution of the Lombardy Regional Council for the Academic Year 2026/2027 no. 6298/2026.

² Pursuant to Law no. 241/90 as amended.

2.1 Scholarships available and eligible applicants

A total of 6 scholarships are available, divided into the following rankings:

RANKING 1

One scholarship for EU and non-EU students enrolled for the first time in the first year of a first-level Academic Diploma programme starting in October 2026 and offered at one of the following Istituto Marangoni campuses:

Istituto Marangoni Milan
Istituto Marangoni Milano Design
Istituto Marangoni Florence

RANKING 2

One scholarship for EU and non-EU students enrolled in the second year of a first-level Academic Diploma programme starting in October 2026 and offered at one of the following Istituto Marangoni campuses:

School of Fashion in Milan;
School of Design in Milan;
School of Fashion & Art in Florence.

RANKING 3

One scholarship for EU and non-EU students enrolled in the third year, or in the first additional year beyond the standard duration, of a first-level Academic Diploma programme starting in October 2026 and offered at one of the following Istituto Marangoni campuses:

School of Fashion in Milan;
School of Design in Milan;
School of Fashion & Art in Florence.

RANKING 4

One scholarship for EU and non-EU students enrolled for the first time in the first year of a first-level Academic Diploma programme starting in February 2027 and offered at one of the following Istituto Marangoni campuses:

School of Fashion in Milan;
School of Design in Milan;
School of Fashion & Art in Florence.

RANKING 5

One scholarship for EU and non-EU students enrolled for the first time in the first year of a second-level Academic Diploma programme starting in October 2026:

MILAN:

Second Level Academic Diploma Course Fashion Design & Innovation
Second Level Academic Diploma Course Communication Design

RANKING 6

One scholarship for EU and non-EU students enrolled in the second year, or in the first additional year beyond the standard duration, of the second-level Academic Diploma programme in Fashion Design & Innovation, starting in October 2026 and offered at Istituto Marangoni School of Fashion in Milan.

With a subsequent notice, Istituto Marangoni will give notice of any recognition and validation of new first and second level academic courses by the MUR for the academic year 2026/2027 and of the possible extension to them of the rules of this Call for Applications, if compatible with the terms provided for therein.

The benefits governed by this Call are available to the students mentioned above who meet the academic standing, merit and financial requirements specified in Chapter 3.

If no eligible candidates are included in a ranking list (Chapter 7), the relevant scholarship will be reassigned to eligible candidates in the other ranking lists in the following order:

other eligible students enrolled in years subsequent to the first, based on the highest merit score (chapters 6.3 and 6.4)

in the absence of students enrolled in years subsequent to the first, to students enrolled in the first year on the basis of the highest score relating to economic condition (chapters 6.1 and 6.2)

The total number of scholarships awarded may be increased on the basis of the additional appropriations that will subsequently be allocated by the Lombardy Region, by any public or private bodies and by the Ministry of University and Research.

This Call for applications is published on 13 July 2026 and is open until 18 September 2026, the deadline for submitting applications to participate in the competition.

2.2 Composition of the Scholarship

The scholarship consists of a cash payment made in two instalments for all beneficiaries (Chapter 8). Increases are also available to students with a certified disability rating of at least 66% and/or recognition pursuant to Article 3(1) or 3(3) of Law No. 104/1992 (Chapter 5.1), as well as a 20% increase in cases of dual enrolment (see Chapter 3.1.3).

The scholarship is exempt from income tax³.

The scholarship is **incompatible** with any other contribution, provided by a public or private entity, whether in monetary form or in the form of services or in the form of tariff reductions (except as expressly provided for in chapter 8.3.1).

2.3 Exemption from regional tax on the right to study, enrolment fee and tuition fees

Eligible non-recipients and scholarship recipients are exempt from paying the enrolment fee and tuition fees.

Eligible non-recipients and scholarship recipients enrolled in the first year who meet the partial ex-post requirement by 30 November 2027 (Chapters 3.2.2.3 and 3.2.2.5) are entitled to a 50% exemption from the enrolment fee and tuition fees.

In particular, the regional tax of the right to study, included in the initial enrolment fee, is refunded in the following ways:

- in the event of obtaining and maintaining the scholarship, the amount of the scholarship is inclusive of the refund of the regional tax;
- in the case of an eligible student who is not a beneficiary and maintains this condition, by automatic reimbursement by Istituto Marangoni.

The above refunds, if due, will take place within 24 months following the payment by the student of the tuition fee for the Academic Year of reference.

3 CONDITIONS OF PARTICIPATION IN THE COMPETITION AND REQUIREMENTS

3.1 General requirements

To be eligible for the scholarship, students must jointly meet the academic standing, merit and financial requirements set out in Chapters 3.2 and 3.3, in addition to the requirements provided for in this Chapter.

The scholarship is awarded for the first achievement of a first- or second-level Academic Diploma and for a period equal to the standard duration of the programme.

This Call for Applications does not govern scholarships awarded for merit requirements or for economic requirements only.

³ As provided for by the Ministry of Finance circular no. 109/E of 6 April 1995.

3.1.1 Eligibility

Italian students, students from European Union countries and foreign students can participate in the competition⁴. In particular, students who are already enrolled or who declare that they want to enrol in a regular year of a Level I or Level II Academic Diploma course at Istituto Marangoni Milano, Istituto Marangoni Firenze and Istituto Marangoni Milano - Design in the Academic Year 2026/2027 can participate in the competition.

In any case, in order to be declared beneficiaries, participants must still be regularly⁵ enrolled for the Academic Year 2026/2027 as of 15 October 2026 (31 December 2026 for students enrolled for the first time in the first year of second-level courses), under penalty of exclusion from the Competition even if they meet all the other requirements set out in the Call for Applications.

3.1.2 Ineligible applicants – grounds for exclusion

In any case, candidates who during the Academic Year 2026/2027 are excluded from participation in this Call for Applications:

- they already have an academic qualification, obtained in Italy or abroad⁶, of a level equal to or higher than the course of study for which the scholarship is requested for the Academic Year 2026/2027;
- are in possession of a four-year/five-year degree obtained prior to the reform pursuant to Ministerial Decree 509/99;
- benefit for the same Academic Year from a scholarship (or similar contribution, in any form) from other public or private bodies (chapter 8.3.1);
- are enrolled part-time;
- enrol in the same year of study (for the same level of study) for which they had already been enrolled - in any university or university institution, Italian or foreign - in another previous academic career, regardless of the time elapsed since the previous enrolment, how the previous career ended (withdrawal from studies, forfeiture, transfer, etc.), whether or not they benefited from a scholarship in the previous enrolment;
- are enrolled in one year of repetition.

3.1.3 Dual Enrolment

Following the entry into force of Law 33/2022, double simultaneous enrolment in two degree courses is now allowed. As provided for by art. 6 of the Ministerial Decree of the MUR no. 933/2022, implementing Law no. 33/2022, the student who enrolls simultaneously in two courses of study benefits from the tools and services in support of the right to study for a single enrolment, chosen by the student, without prejudice to the total or partial exemption from the payment of the annual all-inclusive contribution, which applies to both enrolments as long as the courses belong to the educational offer of two different university institutions or AFAM. The student must therefore declare in the scholarship application any double enrolment (or the intention to enrol, including in another University/AFAM) and for which enrolment he/she intends to use the services of the right to university education.

Failure to provide or false indication of the latter data will result in forfeiture of the scholarship provided by Istituto Marangoni and the application of the sanctions provided for by art. 10, paragraph 3 of Legislative Decree 68/2012. Pursuant to art. 6, paragraph 3 of Ministerial Decree MUR no. 1320/2021, students with dual enrolment are entitled to an increase of 20% of the scholarship amount provided that they maintain the requirements for the scholarship itself, as set out in this Call for Applications.

3.2 Merit Requirements

⁴ Pursuant to Presidential Decree no. 394 of 31 August 1999, implementing Legislative Decree no. 286 of 25 July 1998.

⁵ Enrolment is considered regular upon receipt of payment of the enrolment fee and school fees.

⁶ Including qualifications that do not have legal value in Italy and with the same admission qualification

3.2.1 Academic standing

Introduction

Without prejudice to the provisions of chapter 3.1, in order to be eligible for the scholarship, students must have academic standing with reference to the first-ever enrolment⁷.

To this end, the student must compulsorily declare in the application the presence of any previous events (withdrawal from studies, change of course, transfer from another university, graduation, etc.) that led to the academic irregularity.

The calculation of the first-ever enrolment is applied with reference to the level of enrolment studies for the Academic Year 2026/2027, identifying the qualification for access to this level as a criterion for the calculation of previous careers. Therefore, enrolment in a first-level Academic Diploma is, for this purpose only, equivalent to enrolment in a single-cycle master's degree programme, sharing the same access qualification (upper secondary school diploma).

If, therefore, in his/her overall academic career the student has found himself in the condition of having to repeat the same year of course, of the same level of study attended in the Academic Year 2026/2027, even following the renewal of enrolment after having withdrawn from studies/having lapsed in any university, Italian or foreign, the number of credits necessary to access the ranking list relating to the scholarship is calculated with reference to the credits provided for each past year, starting from the year of first-ever enrolment, with the exception of the years of suspension of studies.

See Appendix 5 for examples of how this chapter can be applied.

Academic standing – pre-university schooling for study abroad

The academic standing referred to in the above point is subject to an exception for students enrolled for the first time in the first year of a First Level Academic Diploma course who have obtained a school diploma abroad in a country whose schooling cycle is less than 12 years. These students, in order to enrol in a university in the European Union, must necessarily bridge the gap between the duration of their school cycle and the required 12 years, attending the relevant number of university years in their country of origin. These years of university enrolment are not counted for the purposes of the merit requirement referred to in the previous chapter, limited to the number of years missing to reach 12⁸.

Declaration of Value

Students who have obtained a qualification abroad must necessarily provide, together with the application, a copy of the declaration of value issued by the Italian embassy in the country where the qualification was obtained.

3.2.2 Merit Requirement - Students enrolled for the first time in the first year of courses

In addition to the requirements set out in the preceding Chapters, students enrolling for the first time in the first year of an Academic Diploma programme must meet an access requirement and achieve an ex-post merit requirement during Academic Year 2026/2027 in order to obtain and retain the scholarship. For first-level programmes, the access requirement is set out in § 3.2.2.1

⁷ Absolute first enrolment means the Academic Year of first enrolment in any degree programme (even different from the one attended in the Academic Year 2026/2027) with the same admission qualification of the same level of study for which you are enrolled for the Academic Year 2026/2027, in any Italian or foreign University or AFAM, regardless of the outcome of this career (withdrawal from studies, transfer, degree, etc.) and the number of years that have passed since the event.

⁸ Example 1: 11-year cycle of foreign schooling and enrolment for one year in a university in the country of origin.

Students who fall into this category may declare that they have no previous academic enrolment either in Italy or abroad.

Example 2:

11-year cycle of foreign schooling and enrolment for two or more years in a university in the country of origin.

The student who falls into this case will NOT be able to declare that he or she does not have any previous academic enrolment either in Italy or abroad, as the duration of the foreign academic enrolment exceeds the minimum to reach the required 12 years.

and the ex-post merit requirement in § 3.2.2.3. For second-level programmes, the access requirement is set out in § 3.2.2.4 and the ex-post merit requirement in § 3.2.2.5.

3.2.2.1 Admission requirement for students enrolled in the first year of first-level courses

Students enrolled for the first time in the first year of Academic Diploma courses must have obtained a high school diploma grade (or equivalent qualification for access to the university system) of not less than 70/100.

Students who have obtained their diploma in a country other than Italy will be evaluated according to the diploma grade resulting in the document that they must produce and with the application of the conversion formula adopted by the MUR:⁹

$$V_{eq} = \frac{(V - V_{min})}{(V_{max} - V_{min})} * 40 + 60$$

3.2.2.2 Access requirement for students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 or paragraph 3 of Law 104/92 enrolled in the first year of first-level courses

Students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 or paragraph 3 of Law 104/92 enrolled for the first time in the first year of Academic Diploma courses must have obtained a high school diploma grade (or equivalent qualification for access to the university system) of not less than 66/100.

3.2.2.3 Ex-post merit requirement for students enrolled in the first year of first-level courses

For students enrolled for the first time in the first year of first-level courses, the status of beneficiary is assigned in the final ranking list on the basis of the requirement of the previous chapter and the financial requirements referred to in chapter 3.3.

To maintain the status of full beneficiary, the student must achieve a minimum number of credits equal to 43 CFAs by 10 August 2027.

To maintain the condition of partial beneficiary, in the absence of the above requirement, the student must achieve the minimum number of 43 CFA by 30 November 2027.

Students who do not achieve the minimum number of credits by November 30, 2027 forfeit the benefit of the Scholarship (Chapter 9).

To achieve the minimum thresholds indicated above, the student can also resort to the bonus ("bonus" chapter in chapter 3.2.5).

Students who reach the minimum CFA requirement indicated above will maintain the status of total or partial beneficiary even if they are enrolled for the Academic Year 2026/2027 in a year of repetition due to failure to pass part of the fundamental exams required in the first year of the study plan.

For the validity of credits and examinations for the purposes of the merit requirement, please refer to Appendix 2.

Students enrolled in the first year (2nd intake)

Notwithstanding the above, exclusively for students enrolled in the first years of three-year courses with the start of the teaching calendar scheduled for 25 January 2027 (2nd intake) the

⁹ MUR Note of 4 June 2007

deadline by which to achieve the merit requirement of 43 CFA to maintain the condition of full beneficiary is set for 30 September 2027; those who achieve the merit requirement between 1 October and 30 November 2027 will maintain the condition of partial beneficiary; those who do not meet the merit requirement by 30 November 2027 will forfeit the benefit.

3.2.2.4 Admission requirement for students enrolled in the first year of second-level courses

Students enrolled for the first time in the first year of the Second Level Academic Diploma courses must have obtained the first level qualification no later than the mandatory deadline of 31 December 2026, but must still apply for a scholarship no later than the general deadline of 18 September 2026 declaring their intention to enrol if they have not yet obtained the first level qualification.

Students who have obtained their first-level qualification in a country other than Italy must produce the Declaration of Value (see chapter 3.2.1).

3.2.2.5 Ex-post merit requirement for students enrolled in the first year of second-level courses

For students enrolled for the first time in the first year of second-level courses, the status of beneficiary is assigned in the final ranking list on the basis of the requirement of the previous chapter and the financial requirements referred to in chapter 3.3.

To maintain the status of full beneficiary, the student must achieve a minimum number of credits equal to 43 CFAs by 10 August 2027.

To maintain the condition of partial beneficiary, in the absence of the above requirement, the student must achieve the minimum number of 43 CFA by 30 November 2027.

Students who do not achieve the minimum number of credits by November 30, 2027 forfeit the benefit of the Scholarship (Chapter 9).

To reach the minimum thresholds indicated above, the student cannot resort to the bonus (chapter 3.2.5). Students who reach the minimum CFA requirement indicated above will maintain the status of total or partial beneficiary even if they are enrolled for the Academic Year 2026/2027 in a year of repetition due to failure to pass part of the fundamental exams required in the first year of the study plan.

For the validity of credits and examinations for the purposes of the merit requirement, please refer to Appendix 2.

3.2.3 Merit requirement - Students enrolled in years subsequent to the first of the first level courses

Minimum number of credits

Students enrolled in years subsequent to the first of the first-level courses must have achieved the total number of credits specified in the following table in the current course of study, deriving from exams taken and recorded by 10 August 2026:

	2nd year	3rd year	1st year out of course
Minimum number of CFAs achieved by 10 August 2026	43	88	148

Exclusively for students enrolled in the second year, who in the academic year 2025/2026 were enrolled in the first year with the start of the teaching calendar on 1 February 2026 (2nd intake), the deadline of 10 August 2026 for the achievement of the merit requirement is postponed to 30 September 2026.

When filling out the application, you will be asked to indicate the number of credits obtained and the relative weighted average. For further details on the number of credits and the weighted average, please refer to Appendix 2.

The student will not be eligible for the benefit, even if he/she reaches the requirement of the minimum number of CFAs obtained by 10 August 2026 (or 30 September 2026 for the 2nd intake), if he/she is enrolled for the Academic Year 2026/2027 in a year of repetition due to failure to pass part of the fundamental exams required by the study plan in the previous Academic Year. If enrolment in the year of repetition takes place after the benefit has been awarded, it will be forfeited.

3.2.4 Merit requirement - Students enrolled in years subsequent to the first of the second level courses Minimum number of credits

Students enrolled in the second year of second-level courses must have achieved the total number of credits specified in the following table in the current course of study, deriving from exams taken and recorded by 10 August 2026:

	2nd year	1st year out of course
Minimum number of CFAs achieved by 10 August 2026	43	88

When filling out the application, you will be asked to indicate the number of credits obtained and the relative weighted average. For further details on the number of credits and the weighted average, please refer to Appendix 2.

The student will not be eligible for the benefit, even if he/she reaches the requirement of the minimum number of CFAs obtained by 10 August 2026, if he/she is enrolled for the Academic Year 2026/2027 in a year of repetition due to failure to pass part of the fundamental exams required by the study plan in the previous Academic Year. If enrolment in the year of repetition takes place after the benefit has been awarded, it will be forfeited.

Years of the course activated and academic standing

For the Academic Year 2026/2027, all the years of the Level I Academic Diploma courses, as well as the first and second years of the Level II Academic Diploma, are activated at Istituto Marangoni Milan and Florence.

However, if, in application of the requirement of academic standing (chapter 3.2.1), for the applicant for the scholarship it is necessary to consider - for the sole purpose of calculating the merit requirement - a year of the course subsequent to that of actual enrolment, the merit requirements and the amount of the scholarship will be consequently redetermined.

3.2.5 Bonuses

If the student has not achieved the minimum number of credits required (previous chapters), he/she can use a bonus in addition to the credits actually obtained in the following ways:

- five credits, if used for the first time for the maintenance of first-year benefits (first-level only) or the achievement of second-year benefits;
- twelve credits, if used for the first time to obtain benefits for the third year;
- fifteen credits, if used for the first time to obtain benefits for subsequent Academic Years. The bonus can only be used once and cannot be combined. The portion of the bonus not used in the relevant Academic Year can be used in subsequent ones¹⁰.

¹⁰ Example: if a student has used a bonus of 3 CFA to maintain the scholarship of the first year, he will have a residual bonus of 2 CFA available for obtaining scholarships for subsequent years.

The bonus is not available, as it has never accrued, for students enrolled in a second-level diploma course who have obtained a first-level diploma in a foreign university or coming from courses prior to Ministerial Decrees 509/99 and 270/04.

The bonus cannot be used by students enrolled in the first year of second-level courses to achieve the merit requirements of the first-year scholarship.

3.2.6 Students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 or paragraph 3, law 104/92

For students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 or paragraph 3, Law 104/92 can be defined individualized merit requirements, based on the type of disability, which may deviate from the values indicated up to a maximum of 40%.

3.3 Economic Requirements

The student must attach a full copy of the ISEE certificate and the related Single Substitute Declaration (DSU) to the application, under penalty of exclusion from the competition.

3.3.1 The ISEE

The economic conditions of the family unit of the student applying for the scholarship are identified on the basis of the Indicator of the Equivalent Economic Situation for the benefits of the right to university education (ISEE).¹¹

For the academic year 2026/2027, pending the implementation of the provisions of art. 6, paragraph 1, Legislative Decree 19/2026, converted into law with Law 50/2026, since access to the ISEE database at INPS is not yet fully operational, the ISEE certificates and the related DSUs must be attached to the scholarship application submitted.

The ISEE is a certificate that every citizen can obtain free of charge: on their own, through the appropriate procedure on the INPS website; at the relevant bodies (INPS, CAAF offices).

The certificate is issued on the basis of the data declared in the Single Substitute Declaration (DSU):¹² those who sign the DSU are civilly and criminally responsible for the correctness and completeness of the data contained therein. The time taken to obtain the certificate is on average five working days, which may increase in the case of a non-independent student (chapter 3.3.4). The ISEE is calculated using the economic situation indicator, given by the sum of the income received by the members of the household increased by 20% of the assets, in relation to the number of members of the household (equivalence scale).

Those who intend to apply for the scholarship must necessarily and compulsorily sign a full DSU (only the mini DSU cannot be filled in under any circumstances) making sure that it is indicated that the request is made for the benefits of the right to university education (the full DSU requested for social welfare or minor services is not valid) in their favor.

For the Academic Year 2026/2027, the income to refer to is that of the calendar year 2024: the assets (both real estate and movables) are those as of December 31, 2024.

3.3.2 Current ISEE¹³

If you are already in possession of a regular valid ISEE certificate and there is a significant variation, greater than 25%, compared to the income situation indicator (ISR) calculated in the ordinary way, and at the same time it has occurred, for at least one of the members of the family unit, in the 18 months prior to the request for the benefit, one of the following changes in the work situation:

¹¹ As provided for by art. 8 of the Prime Ministerial Decree no. 159/2013.

¹² Self-certification pursuant to Presidential Decree 445/2000.

¹³ As provided for by art. 9 of the Prime Ministerial Decree 159/2013.

- permanent employee for whom there has been a termination of the employment relationship or a suspension of work or a reduction of the same;
- fixed-term employees or employees with flexible types of contracts, who are not employed on the date of submission of the DSU, and who can demonstrate that they have been employed in the forms referred to in this letter for at least 120 days in the twelve months prior to the conclusion of the last employment relationship;
- self-employed workers, not employed on the date of submission of the DSU, who have ceased their activity, after having carried out the same activity continuously for at least twelve months,
- the data contained in the valid ISEE can be updated in the following ways.
- For each member of the household in the above conditions, the ISR indicator is updated with reference to the following income (which replaces that present in the ordinary ISR):
- income from employment, pension and similar earned in the twelve months prior to that in which the benefit is requested¹⁴;
- income deriving from business or self-employment activities, carried out both individually and as a shareholding, identified according to the cash principle as the difference between the revenues and fees received in the twelve months prior to that in which the service was requested and the expenses incurred in the same period in the exercise of the activity;
- welfare, social security and indemnity treatments, including debit cards, for any reason received from Public Administrations, not already included in the income referred to in letter a), obtained in the twelve months prior to that of the request for the benefit.

Without prejudice to the indicator of the financial situation and the parameter of the equivalence scale, the current ISEE is obtained by replacing the indicator of the income situation calculated in the ordinary way with the same indicator calculated as indicated above.

Pursuant to Ministerial Decree 5.7.2021, the current ISEE can also be requested in the event of a reduction in the ISP parameter (Indicator of the Financial Situation) of more than 20%

The current ISEE is valid for two months from the time of submission of the DSU replacement form for the purposes of the subsequent request for the provision of benefits.

Please refer to the INPS Offices or the CAAF for further explanations and clarifications.

In the case of a current ISEE, the student is required to produce, together with the application, a copy of both the basic ISEE, the current ISEE, and both DSUs.

3.3.3 Income and asset limits

To be considered in possession of the economic requirement necessary for the scholarship application, students must have an ISEE which:

- Equivalent Economic Situation Indicator (ISEE for subsidized services for the Right to University Education) is not higher than **€ 26,887.93**;
- Equivalent Asset Situation Indicator (ISPE, i.e. the ISP indicator divided by the value of the equivalence scale) does not exceed **€ 58,452.06**.

Both thresholds must be met; exceeding either threshold will result in the applicant being ineligible for the benefit.

For the purposes of calculating the ISEE for services for the right to university education, the methods of determination provided for by D.P.C.M. 159/2013 apply, with particular reference to art. 8 and the related INPS circular no. 171 of 18/12/2014.

Pursuant to art. 10 of the aforementioned D.P.C.M. 159/2013, the applicant submits a Single Substitute Declaration (DSU) with reference to the family unit, according to the provisions of

¹⁴ In the cases referred to in letter a), the new income to be considered can be obtained by multiplying by 6 the income earned in the two months prior to the submission of the DSU.

Presidential Decree no. 445/2000 and subsequent amendments, concerning the information necessary for the determination of the ISEE.

3.3.4 Family unit

Composition of the family unit¹⁵

With reference to the date of signing the DSU, the family unit is composed - in any case:

- by the student applying for the scholarship;
- by all persons present in the applicant's family status, even if not related by kinship or affinity. Exceptions are subjects, adults, unmarried and without children, 100% fiscally dependent on their parents, the latter outside the student's registered household;
- by the applicant's brothers/sisters, adults, unmarried and without children, not present in the student's family status but 100% fiscally dependent¹⁶ on the parents;
- any minors (even if not present in the applicant's family status), in pre-adoptive foster care to subjects of the registry unit on the date of signing the ISEE.

In addition, if not already present by virtue of the previous cases and if the conditions of independent student (following paragraphs) are not met:

- by both parents of the applicant, if they are married to each other, even if they have one or both of their registered residence different from the student;
- by both parents of the applicant, if they have never been married, even if they have one or both of their registered residence different from the student (following paragraphs).

Any changes in the applicant's family unit that may result in corrections to the ISEE certificate already submitted to Istituto Marangoni when submitting the scholarship application will be evaluated only if:

- the event underlying the change in the nucleus occurred no later than 30.9.2026;
- the relevant new ISEE will be forwarded to Istituto Marangoni no later than the deadline for appeals against the outcome of the provisional ranking list (chapter 7.1).

Independent Student

Students who do not reside with either parent may declare themselves independent of their family unit of origin and produce an ISEE certificate in which they appear without their parents (but still referring to the other rules of composition provided for by the legislation), only if both of the following requirements are met:

1. residence, resulting from the registry evidence, outside the housing unit of the family of origin, established for at least two years from the date of submission of the application and in a property not owned or other real right, even in part, of a member of the family of origin;
2. own income deriving from employment or assimilated, not provided for the employ of a family member, fiscally declared in the last two calendar years prior to the application, not less than € 9,000.00 for each calendar year.

In the absence of one or both requirements, the student will be integrated into the household of the parents (in the event of their legal separation or divorce, of the parent provided for in chapter 1 of appendix 3) and of the other persons identified. The condition of independent student also applies in the case of a married student: in this case, however, the minimum income of € 9,000.00 is considered to have been achieved also considering the income of the spouse.

For technical issues of the INPS computer system, the student who does not live with his parents but is not independent and must therefore integrate his or her household with that of his parents,

¹⁵ The family unit is defined pursuant to art. 3 and 8 of the Prime Ministerial Decree 159/2013.

¹⁶ ATTENTION: the tax burden is assessed with reference to the year of production of the income and not that at the time of signing the DSU, i.e. the tax burden in 2024 must be considered

must make sure that, at the time of requesting the cumulative ISEE certificate, the parents are also already in possession of a valid ISEE certificate relating to their economic condition; otherwise, it will not be possible to obtain a correct cumulative ISEE certificate.

Student with parents who have never been married to each other

In the case of a non-independent student, whose parents have never been married to each other, both contribute to forming the applicant's nucleus, but in different ways.

If none of the cases listed below are present, both parents contribute to forming the nucleus to the extent of 100% of their income and assets.

If, on the other hand, one or both of the following cases are present:

- when the parent, who does not live with the applicant student, is married to a person other than the other parent;
- when the parent, who does not live with the requesting student, has children with a person other than the other parent;

The parent who does not live with the applicant student is considered with the value provided for by the so-called "additional component", ¹⁷determined as follows:

- the ISEE¹⁸ referring only to the non-cohabiting parent is calculated, regardless of income and assets belonging to other members of his or her family unit;
- the indicator of the economic situation referred to in the previous point is divided by the parameter of the equivalence scale of the household to which it belongs and multiplied by 0.3;
- the value referred to in the previous point is multiplied by a proportionality factor, equal to 1 in the case of a single non-cohabiting child and increased by 0.5 for each non-cohabiting child subsequent to the first; non-cohabiting children who are not part of the beneficiary's household are not relevant for the purposes of calculating the proportionality factor;
- the additional component is obtained by dividing the amount referred to in the previous point by the parameter of the equivalence scale of the beneficiary's household.

The additional component, calculated in this way, supplements the ISEE of the applicant for the benefit.

Student with parents who are legally separated or divorced from each other

A non-independent student whose parents are legally separated or divorced is part of the household of the parent with whom he or she forms a family status, except in the case described in Chapter 1 of Appendix 3.

3.3.5 Assessment of the economic and financial condition of the foreign student or of the Italian student residing abroad

Assessment of the economic condition

The current ISEE computer system does not allow the calculation of the economic condition of the members of the family unit of the Italian or foreign student residing abroad¹⁹.

Consequently, for the Academic Year 2026/2027, the economic evaluation of foreign students (belonging to both EU and non-EU countries) or Italian students residing abroad, who are not independent, whose family members reside partly or wholly abroad, will take place on the basis of an ISEE calculation carried out by Istituto Marangoni in compliance with the regulations²⁰.

In the application, the student will be asked to self-certify whether the nucleus resides totally or partially abroad and in which country. The documentation specified in the following chapters must then be attached to the application, under penalty of exclusion from the Competition.

¹⁷ Referred to in Annex 2, paragraph 2 of Prime Ministerial Decree 159/2013.

¹⁸ Pursuant to Article 2, paragraph 3, Prime Ministerial Decree 159/2013.

¹⁹ As confirmed by the Ministry of Labour and Social Policies, the provision set out in Article 8(5) of Prime Ministerial Decree No. 159/2013 is therefore inapplicable.

²⁰ referred to in art. 8 of Prime Ministerial Decree 159/2013 and art. 5 DPCM 9.4.2001.

Students from particularly poor countries

For foreign students from particularly poor countries²¹, the assessment of the economic condition is carried out on the basis of a certification from the Italian Representation in the country of origin which certifies that the student does not belong to a family known to have a high income and high social level. This certification can also be issued by the university of foreign enrolment linked by agreements or conventions with universities or by Italian bodies authorised to provide guarantees of economic coverage pursuant to the current provisions on the enrolment of foreign students in Italian universities. In the latter case, the certifying body undertakes to return the scholarship on behalf of the student in the event of forfeiture of the scholarship.

Foreign students coming from one of these countries and whose family unit resides in it must produce the document described above, under penalty of exclusion from the Competition.

If the nucleus resides only in part in one of the particularly poor countries, for the part of the nucleus residing elsewhere, the following paragraphs must also be produced.

The provisions of this chapter do not apply to students who, despite being citizens of one of the poor countries, have a family unit wholly resident in Italy.

Political refugees or stateless students

Students who have been granted political refugee status will only need to obtain an ISEE certificate relating to any income/assets held in Italy.

The provisions of the following two paragraphs ("Italian or foreign students with a family unit partially residing abroad" and "Italian or foreign students with a family unit totally residing abroad") do not apply to them.

but they must compulsorily attach to the application a copy of the certification of stateless or refugee status issued by the Italian Ministry of the Interior or by the Office for the United Nations High Commissioner of Italy.

For the above students, the income received and properties declared in Italy as of December 31, 2024 will be considered.

Italian or foreign students with a family unit partially residing abroad

Italian or foreign students, not belonging to particularly poor countries and not having political refugee status, whose family unit partially resides abroad, must:

- provide Istituto Marangoni, no later than 21 September 2026, under penalty of exclusion from the ranking list, with the information indicated in the chapter "Documents to be produced if the student's household is partially or totally resident abroad with reference to the members of the household residing abroad;
- obtain an ISEE certificate for members of the household residing in Italy no later than 21 September 2026, under penalty of exclusion from the ranking.

Istituto Marangoni will calculate the relative cumulative ISEE value of the Italian and foreign components, if all the required documentation is produced.

Italian or foreign students with a family unit totally residing abroad

Italian or foreign students, not belonging to particularly poor countries and not having political refugee status, whose family unit resides entirely abroad, must provide Istituto Marangoni, no later than 21 September 2026, under penalty of exclusion from the ranking list, with what is indicated in the following chapter "Documents to be produced if the student's household is partially or totally resident abroad".

Istituto Marangoni will calculate the relevant ISEE value, if all the required documentation is produced.

²¹ referred to in the Ministerial Decree mur no. 176 of 24.2.2026 and listed in appendix 6.

Documents to be produced if the student's household is partially or totally resident abroad

Students with a nucleus partially or totally abroad must necessarily produce the following documentation, in original, as an attachment to the application:

- document certifying the composition of the current foreign family unit and, in the case of divorced parents, the relevant measure or certification;
- income for the 2024 calendar year of each member of the family (the document must clearly state that the income refers to the entire 2024 calendar year; if one or more members, aged 18 years or over during 2024, have not received income in the year 2024, it is still mandatory to submit a declaration from the competent foreign public office to that effect); in the case of parents who are married or never married to each other, the income of both must be produced, even if one of them does not appear in the document certifying the composition of the household;
- buildings owned by the family as of 31.12.2024 (the document must be issued by the public authority that can provide the situation at national level), with an indication of square meters or certificate of absence of ownership of buildings for each member;
- certificate of the movable assets owned as of 31.12.2024 by the family (expressed in securities, dividends, shareholdings, fraction of the net assets of any companies owned, current account balances, investments, deposits, etc.).

The documentation listed above must:

- be issued by the competent public authorities of the country in which the income was generated and the assets held;
- be translated into Italian and legalized as indicated in the next chapter "legalization of documents".
- have a date of issue after 1.1.2026 for documents relating to family status; after 1.1.2025 for documents relating to income received and movable and immovable assets held in 2024;
- must be attached to the application.

The economic and financial condition for Italian students residing abroad or foreigners, whose currency is different from the euro, will be assessed on the basis of the average exchange rate in 2024.

The self-certification relating to foreign income and/or assets cannot be submitted; therefore, for the assessment of the family's economic/patrimonial conditions, the above-mentioned documents must necessarily and irrevocably be produced.

In any case, as provided for by DGR no. 6298/2026, the income received abroad and declared by foreign students cannot be less than the minimum amount defined at national level corresponding to the minimum means of subsistence that must be proven for the purposes of applying for an entry visa to Italy for study purposes. This value, equal to € 7,101.12 for 2026, constitutes the minimum threshold for the assessment of the requirements relating to economic conditions.

Legalization of documents

The legalization of the documents referred to in the previous chapter differs from country to country. The regulations can be traced back to 4 large areas:

- A. Countries whose documentation is exempt from legalization.
- B. Countries whose documentation provides for exemption from the consular/diplomatic stamp of the Italian Embassy, but the obligation to have an Apostille stamp: documents that are issued by local authorities of one of these countries, according to the 1961 Hague Convention, are exempt from legalization at the Italian Embassy, but must compulsorily bear the "Apostille" stamp as required by art. 6 of the aforementioned Convention.
- C. Students from particularly poor countries.

- D. All other countries that do not fall into groups A, B, C: all students belonging to countries not included in the previous points must have the documents issued in their country of origin legalized through the Italian Embassy or Consulate.

The general list of nations is available in Appendix 7 with the reference letter to the groups mentioned above. Nations not present fall into group D.

Legalization of documents – special cases

For Sweden, a signatory to the 1968 London Convention, there is separate legislation. Documents issued solely and exclusively by diplomatic and consular authorities (present on Italian territory) are exempt from the legalization obligation.

4 SCHOLARSHIP AMOUNTS

The amount of the scholarship is differentiated according to both the corresponding ISEE bracket of the family unit and the different geographical origin of the student.

4.1 Income brackets

Based on the ISEE value, within the limit indicated in chapter 3.3.3, three income brackets are determined:

	ISEE value	
	from	a
First tier	€ 0,00	€ 13.443,97
Second tier	€ 13.443,98	€ 17.925,29
Third Tier	€ 17.925,30	€ 26.887,93

4.1.1 Geographical origin

Students, based on the travel time between the residence of the family unit and the location of the courses, are divided into three groups. In the case of a split family unit with several residences, travel times will be calculated from the residence closest to the location of the course attended.

The duration of the route to be calculated is the minimum used, based on the journey by public transport, excluding journeys made on foot or by private means and waiting times in the case of a single vehicle; only intermediate times can be counted in the case of multiple means.

Travel times can be checked through the Trenitalia, Lombardy Region (<http://www.muoversi.regione.lombardia.it>) or Tuscany Region (<http://muoversintoscana.regione.toscana.it/>) websites and the websites of local transport companies.

On-site students: belonging to families residing in the metropolitan area where the course of study is held or residing in the surrounding areas who take, by public transport, up to 60 minutes for the daily transfer from home to the course location.

Commuter students: belonging to families residing in other municipalities than the location of the course attended from which it is possible to reach the location of the courses attended daily, taking 61 to 90 minutes by public transport.

Off-site students: belonging to families residing in municipalities from which it is not possible to reach the location of the course of study with travel times, by public transport, in time equal to or less than 90 minutes and who, for this reason,

take accommodation for a fee²² in a municipality no more than 60 minutes away from the location of the courses attended, using public residential facilities or other accommodation of private individuals or institutions for a period of not less than 10 months within the Academic Year, from October 2026 to September 2027.

For students enrolled in the first year with teaching activities starting on 1 February 2027 (2nd intake), the paid accommodation arrangement must cover a period of at least seven months between February and September 2027.

If off-site status is lost because the paid accommodation covers a period shorter than the minimum period specified above, or because the declared travel times are found to be untruthful, the scholarship amount will be recalculated for the entire Academic Year. This is without prejudice to the penalties applicable to untruthful declarations (see Appendix 4).

4.2 Amount of Scholarships

4.2.1 Expected allocations

The amounts of scholarships awarded to eligible students vary according to income bracket and geographical location, according to the scheme below.

The amount of the scholarships, including the reimbursement of the regional tax for the right to study and the fee for a free meal per day, is defined as follows by combining income brackets and geographical origin:

Geographical location	1st band	2nd band	3rd band
On-site	€ 3.430,00	€ 2.991,00	€ 2.143,00
Commuter	€ 4.820,00	€ 4.191,00	€ 3.299,00
Off-site with private accommodation	€ 8.248,00	€ 7.172,00	€ 5.857,00

5 SCHOLARSHIP INTEGRATIONS

5.1 Amounts provided for applicants with disabilities

The scholarship may be increased by up to 40% of the amount due for students with a certified disability rating of at least 66% and/or recognition pursuant to Article 3(1) or 3(3) of Law No. 104/1992, depending on the student's disability-related needs, to support the use of prostheses and assistive devices and any other measures facilitating participation in teaching and study activities.

5.2 Payment times and methods

²² In the absence of such documentation or in the event of its production after the indicated deadlines, the student will be considered a commuter.

The increases in the scholarship for students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 or paragraph 3, Law 104/92 will be awarded after the publication of the final ranking of the scholarship and disbursed to those entitled in the manner provided for in chapter 8.2. The disbursement will take place by 31 January 2027; for students enrolled in the first year of second-level courses, by 15 March 2027.

5.3 Graduation Award

In implementation of Article 2, paragraph 3, of Ministerial Decree 1320/2021, students who have been awarded a scholarship for the academic year 2026/2027 and who obtain their degree within the duration provided for by their respective educational regulations benefit from a scholarship supplement equal to half of that obtained in the last year of the course.

The integration will be recognized at the end of all thesis sessions (February/March 2028) and in any case is subject to the disbursement of the relevant funds by the Lombardy Region.

6 FORMATION OF RANKINGS AND AWARD CRITERIA

Students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1, law 104/92, if in possession of all the requirements set out in the Call for Applications, are entitled to the assignment of the scholarship even in excess of the number of scholarships available and will therefore be placed at the top of the ranking list and made beneficiaries in any case.

6.1 Students enrolled for the first time in the first year of first-level courses

The ranking list is the same for all students enrolled for the first time in the first year of one of the activated first-level diploma courses and is formulated on the basis of the ISEE of the family unit in relation to the limit of € 26,887.93 for a maximum of 1,000 points assigned with the following formula:

$$Punteggio = *1 - \frac{ISEE\ studente}{26.887,93} * 1.000$$

The order in the ranking is determined, in descending order, with respect to the score awarded. In the event of a tie, the grade relating to the previous qualification prevails and subsequently the younger age prevails.

6.2 Students enrolled for the first time in the first year of second-level courses

A ranking list is provided for all students enrolled for the first time in the first year of the II level diploma course and is formulated on the basis of the ISEE of the family unit in relation to the limit of € 26,887.93 for a maximum of 1,000 points assigned with the following formula:

$$Punteggio = *1 - \frac{ISEE\ studente}{26.887,93} * 1.000$$

The order in the ranking is determined, in descending order, with respect to the score awarded. In the event of a tie, the grade relating to the previous qualification prevails and subsequently the younger age prevails.

6.3 Students enrolled in years subsequent to the first (First Level Academic Diploma)

There is a ranking list for the second year of the course and a ranking list for those enrolled in the third year of one of the activated first-level diploma courses.

The order of each ranking is determined, in descending order, by the overall score deriving from the sum of the score relating to the number of academic credits (CFA) obtained by 10 August 2026, and the score determined by the weighted average grade of the exams. A total of 1,000 points can be awarded as follows: 600 based on the number of credits acquired and 400 based on the weighted average grade of the exams passed.

In the event of a tie in the merit score, the student who has not used the bonus (chapter "bonus" in chapter 3.2.5) and therefore the student with the highest score in relation to the economic situation prevails in the ranking. In the event of a further tie, the youngest student prevails.

The score relating to the academic credits (CFA) obtained, relating to exams taken and recorded by 10 August 2026, is calculated according to the following formula:

$$(\text{Crediti studente} - \text{Crediti minimi}) * \frac{600}{(\text{Crediti massimi} - \text{Crediti minimi})}$$

Minimum credits: means the requirement set out in chapter 3.2.3

Maximum credits means the maximum number of credits that can be obtained by the student in the years prior to that of the application (e.g.: for a scholarship applicant in the second year, the maximum credits that can be obtained in the first year, i.e. 60).

The score relating to the weighted average grade (appendix 2) of the exams taken and recorded by 10 August 2026 is calculated according to the following formula (the grade 30 cum laude is counted as 30):

$$(\text{Votazione media ponderata studente} - 18) * \frac{400}{(30 - 18)}$$

6.4 Students enrolled in years subsequent to the first (Second Level Academic Diploma)

A ranking list is provided for those enrolled in the second year of one of the second-level diploma courses activated. The order of the ranking is determined, in descending order, by the overall score deriving from the sum of the score relating to the number of educational credits obtained by 10 August 2026, and the score determined by the weighted average grade of the exams. A total of 1,000 points can be awarded as follows: 600 based on the number of credits acquired and 400 based on the weighted average grade of the exams passed.

In the event of a tie in the merit score, the student who has not used the bonus (chapter "bonus" in chapter 3.2.5) and therefore the student with the highest score in relation to the economic situation prevails in the ranking. In the event of a further tie, the youngest student prevails.

The score relating to the academic credits (CFA) obtained, relating to exams taken and recorded by 10 August 2026, is calculated according to the following formula:

$$(\text{Crediti studente} - \text{Crediti minimi}) * \frac{600}{(\text{Crediti massimi} - \text{Crediti minimi})}$$

Minimum credits: means the requirement set out in chapter 3.2.4

Maximum credits means the maximum number of credits that can be obtained by the student in the years prior to that of the application (e.g.: for a scholarship applicant in the second year, the maximum credits that can be obtained in the first year, i.e. 60).

The score relating to the weighted average grade (appendix 2) of the exams taken and recorded by 10 August 2026 is calculated according to the following formula (the grade 30 cum laude is counted as 30):

$$(Votazione\ media\ ponderata\ studente - 18) * \frac{400}{(30 - 18)}$$

7 PUBLICATION OF THE RANKINGS

7.1 Provisional ranking list and appeals – students enrolled in all years of first-level courses and in years subsequent to the first of second-level courses

The provisional ranking list will be published by 20 October 2026 on the institutional website of Istituto Marangoni in the dedicated section at the following link.

www.istitutomarangoni.com/it/chi-siamo/accreditamento-afam

Any requests for revision of the position of the provisional ranking must be submitted no later than 15 days from the date of publication.

Appeals must relate to any erroneous assessments and must be accompanied by relevant documentation to justify the reasons for the request.

7.1.1 Final ranking list – students enrolled in all years of first-level courses and in years subsequent to the first of second-level

Once the appeal evaluation procedure has been completed, the final ranking will be published by 20 November 2026. For students enrolled in the first year with the start of the teaching calendar on 1 February 2027 (2nd intake) the final ranking list will show the condition for 'on-site' or 'commuter' students. The condition of 'off-site' will eventually be recognized later, in the face of the documentation produced (chapter 11.3).

7.1.2 Provisional ranking list and appeals – students enrolled in the first year of second-level courses

The provisional ranking list will be published by 5 February 2027 on the Istituto Marangoni institutional website in the dedicated section. Istituto Marangoni reserves the right to bring forward this date, giving notice, following the achievement of the first-level qualification of all scholarship applicants.

Any requests for revision of the position of the provisional ranking must be submitted no later than 15 days from the date of publication.

Appeals must relate to any erroneous assessments and must be accompanied by relevant documentation to justify the reasons for the request.

7.1.3 Final ranking – students enrolled in the first year of second-level courses

Once the appeal evaluation procedure has been completed, the final ranking list will be published, in any case by 28 February 2027.

8 PAYMENT TIMES AND METHODS OF SCHOLARSHIPS

8.1 Payment times

For the Academic Year 2026/2027, the Scholarships will be paid to beneficiary students according to the following provisions.

8.1.1 Students enrolled for the first time in the first year of first-level courses

Students who are beneficiaries of a scholarship and enrolled for the first time in the first year will receive the first instalment of the scholarship equal to 50% of the total amount by 31 December 2026. The second instalment, equal to the remaining 50%, will be paid after the achievement of the minimum level of merit referred to in chapter 3.2.2.3 has been ascertained and in any case by 30 September 2027.

8.1.2 Students enrolled for the first time in the first year of first-level courses (according to Intake)

Students who are beneficiaries of a scholarship and enrolled for the first time in the first year, with the teaching calendar starting from 1 February 2027, will receive the first instalment of the scholarship equal to 50% of the total by 28 February 2027.

The second instalment of the scholarship will be paid after the assessment of the achievement of the minimum level of merit (chapter 3.2.2.3) and in any case by 30 September 2027.

For the amount of the scholarship for 'off-site' students, please refer to chapter 4.2.

8.1.3 Students enrolled for the first time in the first year of second-level courses

Students who are beneficiaries of a scholarship and enrolled for the first time in the first year of a second-level course will receive the first instalment of the scholarship, equal to 50% of the total, by 15 March 2027.

The second instalment, equal to the remaining 50%, will be paid after the achievement of the minimum level of merit referred to in chapter 3.2.2.5 has been ascertained and in any case by 30 September 2027.

8.1.4 Students enrolled in years subsequent to the first of the first level courses and in subsequent years of the second level

Students who are beneficiaries of a scholarship and enrolled in years subsequent to the first will receive the first instalment of the scholarship, equal to 50% of the total, by 31 December 2026.

The second instalment of the scholarship will be paid by 30 June 2027.

8.2 Payment methods

The amounts will be paid by bank transfer to a current account in the student's name or joint name, which must be indicated in the application.

8.3 INCOMPATIBILITIES AND TRANSFERS

8.3.1 Incompatibilities

The scholarship is incompatible and therefore cannot be combined with the following benefits, if related to the Academic Year 2026/2027:

- similar forms of economic aid provided by other public or private bodies;
- the other scholarships provided by Istituto Marangoni;
- scholarships for foreigners provided by the Ministry of Foreign Affairs;
- free or reduced-rate places on the basis of meritocratic and/or economic conditions in boarding schools, residences or boarding schools. In such cases, the student has the right to opt for the enjoyment of one or the other provision, to be exercised no later than

15 days from the attribution of the second benefit, by written communication to be sent to Istituto Marangoni. Failure to do so will result in the forfeiture of the benefits paid (chapter 9).

The scholarship is instead compatible with contributions for stays abroad, with interregional mobility scholarships referred to in Ministerial Decree 4 September 2013 n. 755 and with scholarships for paths of excellence.

8.4 Transfers

Students who have transferred from another university after the beginning of the academic year must ask the managing body of the Right to University Education of the university of origin to send the application ex officio, provided that it is submitted within the deadlines set out in the Call for Applications of that institution. The regularization of the transfer must be completed before the publication of the final ranking. Admission to the ranking list will be subject to the possession of the merit and income requirements and the availability of resources.

In the case of transfer to another University after the beginning of the Academic Year, the student can ask Istituto Marangoni, by 15 October 2026, to send the application submitted to the University to which the student is transferring.

In this case, the student forfeits the scholarship provided by Istituto Marangoni.

9 FORFEITURE OF THE SCHOLARSHIP

9.1 Total forfeiture

The right to the scholarship is totally forfeited if:

- the student does not present to Istituto Marangoni, within the time that will be indicated by registered mail with return receipt or by certified email to the academic@pec.istitutomarangoni.com address, any documentation required to check the veracity of the self-certifications produced (appendix 4);
- Istituto Marangoni ascertains the untruthfulness of the data declared by the student in self-certification and such as to eliminate the merit and/or economic requirement provided for in chapters 3.2 and 3.3;
- the student submits an application for withdrawal from studies or transfers to another university during the Academic Year 2026/2027.

This provision does not apply in the case of students enrolled in the first year, if the merit requirement provided for in chapter 3.2.2.3 - "Merit requirement for students enrolled in the first year of the courses" is achieved by the student before withdrawing from studies or transfer;

the student is enrolled as repeating student for the Academic Year 2026/2027, following the publication of the final rankings;

students enrolled in the first year do not meet the merit requirement by 30 November 2027.

Students with a disability equal to or greater than 66% and/or with recognition pursuant to art. 3 paragraph 1 of Law 104/92 who do not reach the merit requirement provided for in chapter 3.2.2.3 - "Merit requirement for students enrolled in the first year of the courses" the provisions concerning the forfeiture of the scholarship do not apply.

Partial forfeiture

Students enrolled in the first year lose the right to the full benefit of the scholarship and accrue the right to partial benefit if they meet the merit requirement set out in chapter 3.2.2.3 or chapter 3.2.2.5 after 10 August 2027 (30 September 2027 for the 2nd intake) and by 30 November 2027.

9.2 Consequences of forfeiture

Forfeiture resulting from an untrue declaration is governed by Appendix No. 4. For other cases of forfeiture of the scholarship benefit not resulting from false declarations, the following applies.

In the event of total forfeiture of the benefit, the student must repay Istituto Marangoni all amounts received, including any enrolment fees and tuition fees already refunded.

Agreements may be entered into with the student to define the recovery procedures also on an instalment basis.

Failure to pay all or part of the amount due will result in the initiation of compulsory recovery procedures and the suspension of the student's academic career until the outstanding balance has been settled.

In the event of partial forfeiture of the benefit, the student will keep what was paid as the first instalment, but will not be entitled to receive other amounts for the Academic Year 2026/2027.

10 CHECKS ON THE VERACITY OF SELF-CERTIFICATIONS

The scholarship application is submitted by the student using the right of self-certification pursuant to the Presidential Decree 445 of 28 December 2000.

Istituto Marangoni, for the purposes of ascertaining the data (both merit, income, and travel times) declared in self-certification, makes use of the faculties provided for by the provisions of the law in force, in particular the Decree of the President of the Republic 28 December 2000, n. 445, also by requiring students, pursuant to art. 11, paragraph 6 of Prime Ministerial Decree no. 159/2013 and art. 4 paragraph 10 of the D.P.C.M. of 9 April 2001, any documentation useful for verifying the veracity of the declarations issued. Istituto Marangoni will provide for the formal and substantial verification of the veracity of the self-certifications produced by the students who are beneficiaries or eligible non-beneficiaries of the scholarship, making use at its own discretion:

- direct links with the databases of the Revenue Agency and the Territory Agency, as well as with the Registry Offices of the Municipalities or any other Public Administration holding the self-certified data;
- the help of the Guardia di Finanza, reserving the right to report situations that require further investigation or investigation;
- cooperation with other public or private entities, providers of subsidized social benefits, including through agreements.

Pursuant to art. 2947 of the Civil Code, the checks will be carried out within 5 years from the last undue use connected and consequent to the self-certification that turned out to be untrue.

For the consequences in case of untruthfulness, see appendix 4.

11 DEADLINES AND PROCEDURES FOR SUBMITTING THE APPLICATION

11.1 Terms

The scholarship application can be submitted from 13 July to 18 September 2026.

Students intending to enrol in the first year of a second-level Academic Diploma programme must submit the application within the same deadlines, even if they have not yet obtained the first-level qualification by that date. In this case, the student must self-certify that the qualification has been obtained by writing to the contact email addresses indicated in the following paragraph no later than ten days after obtaining it.

11.2 Presentation methods

The application must be submitted by filling in the appropriate form, duly signed, and compulsorily delivered in paper format, in a sealed envelope, by the deadline set out in this Call.

It is also possible to anticipate the sending of the application and the required documentation also by e-mail to the competent DSU office of Istituto Marangoni, attaching a signed and scanned copy of all the

documentation. Such submission does not replace, in any case, the obligation to deliver the documentation in paper format according to the methods and terms indicated in this chapter.

Istituto Marangoni reserves the right to request, where necessary, any additional documentation.

Applications must be delivered and, if anticipated by e-mail, sent to the following offices:

Istituto Marangoni Milano School of Design
DSU – Right to University Education
Via Verri 7
20122 – Milano (Italy)
dsu.design@istitutomarangoni.com

Istituto Marangoni Milano School of Fashion
DSU – Right to University Education
Via Meravigli 4
20121 – Milano (Italy)
dsu.milano@istitutomarangoni.com

Istituto Marangoni Firenze School of Fashion & Art
DSU – Right to University Education
Via de' Tornabuoni 17 50123 – Firenze (Italy)
dsu.firenze@istitutomarangoni.com

The deadline for delivery is strictly set for 1.00 p.m. on 18 September 2026.

Within this deadline, the applications must be delivered in paper format, in a sealed envelope, to the attention of the DSU Office of the school of reference.

11.3 Documents to be attached

The following documentation must be attached to the application:

- photocopy of the front and back of a valid identity document
- Italian tax code: foreign students who do not have it can obtain the tax code through the counters of the Revenue Agency in Italy or by applying to the Italian Embassy in their country of origin
- for students whose nucleus resides partly or entirely in Italy: full copy of the ISEE and DSU and, if applicable, of the current ISEE (see chapter 3.3)
- for students whose nucleus resides partly or wholly abroad (and is neither a political refugee - chapter 3.3.5 -, nor belonging to one of the poor countries - appendix 6): documents, in original, certifying foreign income and assets (see chapter 3.3.5)
- for students who belong to one of the poor countries (appendix 6): the original documentation provided for in the relevant chapter
- for the student who is a political refugee (see chapter 3.3.5): a copy of the document from the Ministry certifying his or her condition
- for students who obtained abroad the qualification required for admission to the programme for which they are applying (an upper secondary school diploma for first-level programmes or a first-level academic qualification for second-level programmes): a copy of the Declaration of Value issued by the competent Italian diplomatic or consular authority in the country where the qualification was obtained (see Chapter 3.2.1)
- if the student wishes to be classified as a non-resident student: a copy of the tenancy agreement entered into (see Chapter 4.2), together with proof of registration with the Italian Revenue Agency; if the agreement is not subject to the flat-rate rental tax regime (cedolare secca) and the first or any subsequent year has expired, proof of payment of the annual renewal registration tax must also be attached

- Students with a disability equal to or greater than 66% must attach a copy of appropriate medical documentation (in the version with omission of pathologies) certifying the existence of the condition on the date and indicating the percentage or degree of disability.
- the student with recognition pursuant to art. 3 paragraph 1 or paragraph 3 of Law 104/92 must attach a copy of appropriate medical documentation (in the version with omission of pathologies) certifying the existence of the condition on the date.

Istituto Marangoni, having evaluated the application submitted, reserves the right to request any additional documentation.

Failure to submit a document within the prescribed deadline or the submission of a false or irregular document will result in the exclusion of the student from this competition.

The application and all the required documentation can also be anticipated by e-mail to the address indicated in chapter 11.2, without prejudice to the deadline indicated for the physical delivery of the same.

12 SUMMARY OF THE MAIN DEADLINES

Publication of the Call	July 13, 2026
Application submission	From 13 July to 18 September 2026
Delivery of documentation for off-site student status	By 13 November 2026 (by 28 February 2027 for the 2nd intake)
Provisional ranking list of Scholarship	By 20 October 2026; by 5 February 2027 for the first year of Level II courses.
Submission of appeals	within 15 days of the publication of the provisional ranking list
Final ranking of Scholarship	November 20, 2026; by 28 February 2027 for the first year of Level II courses
Payment of the first instalment of 50% of the scholarship for the first years enrolled in the 2nd intake	February 28, 2027
Payment of the first instalment of the scholarship (for all years of the programme)	By 31 December 2026; by 15 March 2027 for the first year of Level II courses
Scholarship for students with a disability equal to or greater than 66% and/or recognition based on art. 3 paragraph 1 or paragraph 3 of Law 104/92	By 31 January 2027; by 15 March 2027 for the first year of Level II courses
Payment of the second instalment of the scholarship (for students enrolled in the years following the first)	June 30, 2027
Payment of the second instalment of the scholarship (for students enrolled in the first year of the programme – 1st intake) for students who have maintained the merit requirements	30 September 2027

Payment of the second instalment of the scholarship (for students enrolled in the first year of the programme – 2nd intake) for students who have met the merit requirements	30 September 2027
--	-------------------

APPENDIX 1 - DEFINITIONS

For the purposes of awarding the benefits of the right to education, the following definitions shall apply:

Beneficiary: the student, who meets the merit and economic requirements provided, is the winner of the scholarship.

Eligible non-beneficiary: the student who, although in possession of the merit and economic requirements provided, is not the winner of the scholarship due to lack of funds.

Partial beneficiary: the student who receives the benefit to the extent of 50%; a condition provided for the student enrolled in the 1st year who achieves the ex post merit requirement by 30 November 2027.

First-ever enrolment: Academic Year of first enrolment in any degree programme (even different from the one attended in the Academic Year 2026/2027) with the same admission qualification of the same level of study for which you are enrolled for the Academic Year 2026/2027, in any Italian or foreign University or AFAM, regardless of the outcome of this career (withdrawal from studies, transfer, degree, etc.).

ISEE: Indicator of the Equivalent Economic Situation for university services issued pursuant to art. 8 DPCM 159/2013 and in favor of students who request the benefits provided for in the Call for Applications.

DSU: Single Substitute Declaration

ISR: indicator of the income situation

ISP: Asset Situation Indicator

ISPE: indicator of the financial situation divided by the equivalence scale

APPENDIX 2 NUMBER OF CREDITS AND WEIGHTED AVERAGE

NUMBER OF CREDITS: students enrolled in the academic year 2026/2027 in years subsequent to the first are required to declare the credits deriving from exams (specifically indicated in the course regulations and recognized for the course of study in which students are enrolled in the year in which they obtain the scholarship or for the one in which they enrol in the following year, even if different from the previous one) taken and regularly recorded since the beginning of their career (for the current year level of studies) and by 10 August 2026 for courses starting in October 2026 and by 30 September 2026 for courses starting in February 2027. Exams with a mark not expressed in thirtieths are also valid.

Credits deriving from off-plan exams, from individual modules in itinere and credits deriving from activities or exams prior to enrolment, even if recognized and included in the student's study plan (e.g. language or computer skills certificates obtained in high school), must not be considered.

WEIGHTED AVERAGE: it is required to calculate and declare the weighted average referring to the exams indicated in the "NUMBER OF CREDITS" field; exams with a mark not expressed in thirtieths should not be considered. The 30 cum laude is worth 30. To calculate the weighted average, it is necessary to multiply each grade by the value (in credits) of the exam; the sum of these results must be divided by the number of credits considered overall.

Example:

Exam 1	Rating 26/30	Value: 9 credits
Exam 2	Rating 30/30	Value: 12 credits
Exam 3	Rating 18/30	Value: 8 credits
Exam 4	Vote: Approved	Value: 3 credits
Total academic credits earned		32 credits
Total academic credits included in the weighted average calculation		29 credits

Weighted average calculation:

$$\begin{array}{rcl}
 26 \times 9 & = & 234 + \\
 30 \times 12 & = & 360 + \\
 18 \times 8 & = & 144 + \\
 \text{Total} & & 738
 \end{array}$$

$$\text{Weighted average: } 738 / 29 = 25.45$$

APPENDIX 3 SPECIAL CASES OF NON-INDEPENDENT STUDENTS

Some special cases of non-independent students are reported:

Student with legally separated or divorced parents, each with a registered residence distinct from the other subjects

In the case of a student with his or her own registered residence, distinct from his or her legally separated or divorced parents and each with his or her own registered residence, the student forms a nucleus:

with the parent who was 100% fiscally dependent in the year of production of the income considered (and any other persons of the parent's family status);

or

where the student was fiscally dependent on both parents in the year in which the relevant income was earned, the student forms a household with one parent of their choice, together with any other persons included in that parent's registered household;

or

where the student was not fiscally dependent on either parent, the student forms a household with the parent identified by the court order as the recipient of maintenance payments for the student, together with any other persons included in that parent's registered household; failing this, Articles 433 and 441 of the Italian Civil Code apply.

Student orphaned of both parents

The nucleus of the student orphaned by both parents is the one deriving from the registry family status.

Subjects in civil cohabitation

The person living together (i.e. cohabiting with other subjects for religious, care, assistance, military, criminal and similar reasons) is considered a family unit in itself, unless, if married, he or she must be considered a member of the spouse's family unit.

Students who believe they belong to a family unit not covered by the rules set out above are invited to send an e-mail to one of the following addresses:

Istituto Marangoni Milan

dsu.milano@istitutomarangoni.com

Istituto Marangoni Milano - Design

dsu.design@istitutomarangoni.com

Istituto Marangoni Florence

dsu.firenze@istitutomarangoni.com

before submitting the application in order to clarify the correct composition for ISEE purposes of the household to be declared.

APPENDIX 4 CONSEQUENCES IN CASE OF UNTRUTHFULNESS

Consequences in case of untruthfulness

In the event of verification of untruthful declarations, the sanctions provided for by art. 10, paragraph 3 of the

Legislative Decree 68/2012 and, in the event of falsehoods relating to the economic condition, the additional sanction pursuant to art. 38, paragraph 3, Legislative Decree 78/2010, without prejudice to the provisions of art. 75 of Presidential Decree 445/2000.

Sanction pursuant to Article 10, paragraph 3, Legislative Decree 68/2012

For each untruthful declaration ascertained, the student must pay as a sanction pursuant to art. 10, paragraph 3,

Legislative Decree 68/2012:

in the event of untruthfulness resulting in the total loss of the benefit, three times the amount received;

in the event of untruthfulness resulting in the partial loss of the benefit, three times the sum equal to the difference between what has been disbursed and/or used and what is due.

The loss of the right to obtain other grants for the duration of the studies is also provided for and is without prejudice to the adoption of disciplinary sanctions and the complaint to the judicial authority if the extremes of crime are found (Article 331 of the Code of Criminal Procedure).

Sanction pursuant to Article 38, paragraph 3, Legislative Decree 78/2010

In the event of ascertainties of untruthfulness of the self-certified economic condition, the sanction pursuant to Article 38, paragraph 3 of Legislative Decree 78/2010 is also applied, in addition to the sanction referred to in the previous chapter, of an amount ranging from € 500.00 to € 5,000.00 and determined in proportion to the advantage unduly received.

Exclusive Jurisdiction

The Court of Milan shall have exclusive jurisdiction over any dispute concerning this Call for Applications or arising from its application.

APPENDIX 5: ACADEMIC STANDING

Examples of university careers that, in application of paragraphs 3.2.1, determine the ineligibility for the scholarship or the special calculation of the minimum number of CFAs required.

Enrolment in the first year of a three-year degree in the Academic Year 2022-2023 at any university, Italian or foreign, and subsequent withdrawal from studies.

Students with this previous career will not be entitled to the scholarship in the Academic Year in which they repeat enrolment in the first year of any three-year degree.

Enrolment in a three-year degree at any university, Italian or foreign in the Academic Years 2022-2023 and 2023/2024 and subsequent interruption, for any reason, of this career. Students with this previous career will not be entitled to the scholarship in the Academic Years in which they repeat enrolment in the first or second year of any three-year degree.

Enrolment at another University in the Academic Year 2024-2025 and subsequent transfer in the Academic Year 2025-2026 to Istituto Marangoni, with repetition of the first year.

Students with this previous career will be entitled to the scholarship in the Academic Year 2026/2027 only if they have achieved a minimum number of CFAs calculated with reference to all years of enrolment, i.e. the requirement of the third year of the course, even if formally enrolled in the second year.

The list is by way of example and not exhaustive.

APPENDIX 6: PARTICULARLY POOR COUNTRIES – MINISTERIAL DECREE NO. 176 OF 24.2.2026

Afghanistan
Angola
Bangladesh
Benin
Burkina Faso
Burundi
Cambodia
Central African Republic
Chad
Comoros
Democratic People's Republic of Korea
Democratic Republic of the Congo
Djibouti
Eritrea
Ethiopia
The Gambia
Guinea
Guinea-Bissau
Haiti
Kiribati
Lao People's Democratic Republic
Lesotho
Liberia
Madagascar
Malawi
Mali
Mauritania
Mozambique
Myanmar
Nepal
Niger
Rwanda
Senegal
Sierra Leone
Solomon Islands
Somalia
South Sudan
Sudan
Syrian Arab Republic
Tanzania
Timor-Leste
Togo
Tuvalu
Uganda
Yemen
Zambia

APPENDIX 7 - LEGALIZATION OF DOCUMENTS FOR EVALUATION OF ECONOMIC REQUIREMENT

Legalization-exempt states

Austria, Belgium, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands (extended to Antilles and Aruba), Poland, Portugal, Republic of San Marino, Slovakia, Slovenia, Spain, Switzerland, Turkey.

Countries where the documents provide for exemption from the consular/diplomatic stamp of the Italian Embassy but must be accompanied by an Apostille stamp:

Andorra, Anguilla, Antarctica, Antigua and Barbuda, Netherlands Antilles, Argentina, Armenia, Aruba, Australia, Azerbaijan, Bahamas, Barbados, Belize, Bermuda, Bhutan, Belarus, Botswana, Brunei, Bulgaria, Cayman, Colombia, Dominica, China (Hong Kong and Macau only), Ecuador, El Salvador, Falkland Islands, Fiji, Georgia, Japan, Gibraltar, Great Britain (extended to the Isle of Man), Grenada, Guadeloupe, Guernsey, India, Gilbert and Ellice Islands, Marshall Islands, Channel Islands, British Solomon Islands, Turks and Caicos Islands, British Virgin Islands, Wallis and Futuna Islands, Iceland, Israel, Jersey, Kazakhstan, Lesotho, The New Hebrides, Liberia, Mauritius, Mayotte, Martinique, Mexico, Miquelon, Moldova, Montserrat, Namibia, Norway, New Zealand, Panama, French Polynesia, Monaco, Reunion, Republic of Korea (formerly South Korea), Romania, Russia, Saint Christopher and Nevis, Saint Lucia, Saint Helena, São Tomé and Príncipe, Serbia, Montenegro, Seychelles, Suriname, Sweden, United States, South Africa, Tonga, Trinidad and Tobago, Ukraine, Vanuatu, Venezuela.

Special nations

The assessment of the economic situation of students coming from one of the countries referred to in Appendix no. 6 is carried out on the basis of a certification issued by the Italian Representative in the country of origin, which must certify that the student does not belong to a high-income or high-social class household. This certificate can also be issued by the foreign university of enrolment linked by agreement or convention with Italian universities or qualified Italian bodies to provide a guarantee of financial coverage, as required by current legislation on the enrolment of foreign students at Italian universities. In the latter case, the certifying body undertakes to reimburse the grant on behalf of the student in the event of loss of this condition.

Republic of Moldova and Sweden

For these two countries that have signed the European Convention (London, 1968), there is different legislation. The exemption from legalization refers only to documents issued by diplomatic and consular authorities (on Italian territory).

Albania

As of 1 July 2011, Albanian documents, which must be produced in Italy, no longer have to be previously legalized by the Italian diplomatic-consular representatives in Albania, but must bear the Apostille stamp of the Ministry of Foreign Affairs of Albania. Please refer to the websites of the Italian Embassy in Tirana (<http://www.ambtirana.esteri.it>) and the consulates in Shkodra (<http://www.consitalia-scutari.org>) and Vlora (<http://www.consvalona.esteri.it>) for detailed information on the required process to follow.
