

INNOVATIVE ACCESSORIES CHALLENGE

Competition promoted by Istituto Marangoni Firenze

1st edition – January / October 2026

Art. 0 — Introduction

Istituto Marangoni Firenze launches the **Innovative Accessories Challenge** in collaboration with **Sara Sozzani Maino**, Creative Director of Fondazione Sozzani.

The Challenge is an international competition dedicated to young talents in fashion and accessories design, with a focus on experimentation, sustainability, and responsible design.

The initiative aims to promote an innovative and conscious approach to design, encouraging material research, technical experimentation, and continuous attention to the cultural and production impact of each project.

Open to designers under 30 from all over the world, the Challenge invites participants to reinterpret the contemporary accessory as a space for expression, research, and dialogue between craftsmanship, new aesthetic languages, and technologies.

An international jury composed of leading figures from the fashion industry will select the winning project, which may be awarded a **full scholarship for a Master's programme at Istituto Marangoni Firenze** and the **production of the project as a prototype**, as well as **exhibition during the celebrations of the Institute's 10th anniversary**.

The use of innovative materials and a conscious approach to design is strongly encouraged.

Art. 3 — Jury and awards

The selection process consists of two phases:
