2. ISTITUTO MARANGONI MILANO

2.1. Introduction to the school of fashion

2.1.1. Studying fashion at Istituto Marangoni Milano is an immersive journey through the heritage of Istituto Marangoni's very first School, surrounded by Italian contemporary fashion and ready-to-wear. Students will engage with the "Made-In-Italy" culture and the latest fashion trends, inspired by experimental design and research and combining handmade luxury and attention to detail with striking effects. Leveraging long-standing expertise and a creative, forward-thinking attitude towards both design and business, the city and the School have gained a privileged position in the global fashion arena. Students at IM Milano have the opportunity to take part in special educational projects developed with leading fashion companies, and invaluable experience that will help them progress into the next phase of their fashion journey.

2.2. Introduction to the school of design

2.2.1. Milano is synonymous with design, and no wonder. It unites a rich history with a continued vital role in the global design landscape that is always respectful of the past but has an eye towards the future. This unique approach to research and experimentation is also reflected in the Milano Design School, where students will be challenged with projects from artisanal furniture to high-end inspirational design for interiors, products, and visual graphics. All courses at Istituto Marangoni Milano Design School are underpinned by a contemporary aesthetic approach, and a heavy dose of fashion cross-pollination, thanks to the luxury and fashion found around the corner. This design culture is closely linked with the city's design district and the community of creative designers who are drawn to study, work and live in this fertile environment, leading to an exclusive mix of cutting-edge design paired with new technologies, and an eye for commerce that successfully combines theory with practice.

2.3. Local accreditations and degrees

2.3.1. Istituto Marangoni Milano delivers two types of courses:

- Those that are **fully accredited** and follow educational standards issued by Alta Formazione Artistica, Musicale e Coreutica (AFAM, Higher Education for Art, Music and Dance); and

2.3.2. Students who complete courses that are **fully accredited** by AFAM will be awarded with a **First Level Academic Diploma** equivalent to a Bachelor-level degree or full time 3-year course of Higher Education (EQF Level 6).

Also, inextricably linked to Paris is the School's emphasis on teaching the haute-couture sartorial approach of ateliers, passing along those skills to the future creators of high contemporary luxury.
