26	Interim Award Learning Outcomes <i>Provide a set of learning outcomes for each interim award (e.g. CertHE/DipHE) for each course.</i>	

On successful completion of a **Certificate HE Interiors** students will be able to:
Demonstrate an understanding and basic application of the following Interim Learning Outcomes:

- ILO1. Basic understanding of creative, intellectual and technical skills developed systematically through practice within the interior design industry.
- ILO2. Basic evaluation of the environmental and social impact of the design industry on a global scale and have a commitment to the ethical and environmental considerations when developing interior design concepts.
- ILO3. Basic ability to find, evaluate, synthesise and use information from a variety of sources to inform and critique interior design practice.
- ILO4. Basic ability to express ideas and communicate information using a range of media including ICT.

On successful completion of a **Diploma HE Interiors** students will be able to:
Demonstrate a sound professional understanding and analytical application of the following Interim Learning Outcomes:

- ILO1. Sound understanding of current and emerging technologies, with the intention of showing applications and insight within the contemporary interior design industry.
- ILO2. Appropriate understanding of problem-solving and concept-generating approaches required by the interior design industry.
- ILO3. Reflective and self-managed appropriate approach to dealing with complex issues both systematically and creatively, making judgements in the absence of complete data, and communicating their conclusions clearly to specialist and non-specialist audiences.
- ILO4. Self-direction and originality in tackling and solving problems, acting autonomously in planning and implementing tasks in respect of the interior design industry.
- ILO5. Understanding importance of and being able to apply working relationships using teamwork and leadership skills, recognising and respecting different perspectives within the interior design industry.

On successful completion of a **Certificate HE Interior Design and Lighting** students will be able to:
Demonstrate an understanding and basic application of the following Interim Learning Outcomes:

- ILO1. Basic understanding of creative, intellectual and technical skills developed systematically through practice within the interior design and lighting industry.
