**STUDY ABROAD PRODUCT
DESIGN SEMESTER**

AFAM Validated

Programme Information

1. Certification attained

Istituto Marangoni Certificate and Transcript*

2. Programme Structure

Product Design • September Intake

Semester 1

Code	Subject Title	Credits CFA (ECTS)
ISST/02	Materials Science and Technology	4
ISSU/01	Anthropology of Design	3
ISSC/03	Aesthetic Trends History	2
ISDE/03	Design of the Product System	4
ISDE/04	CAD/CAM Modelling	4
ISME/01	Design Methods	4
ISDR/03	Modelling	8

Product Design • March Intake

Semester 2

Code	Subject Title	Credits CFA (ECTS)
ISST/02	Materials Science and Technology	4
ISSU/01	Sociology of Design	3
ISDE/03	Design of the Product System	4
ISDE/04	CAD CAM Modelling	4
ISME/01	Design Methods	8
ISDR/03	Techniques of Design Communication	4
	Free Study Activities	4

*The recognition of credits obtained within their Semester experience will be evaluated and then confirmed by their own University

3. Course Learning Outcomes

Students successfully completing the Semester experience in Product Design will have developed:

LO 1: Deploy a sound professional understanding of the appropriate creative, intellectual and technical skills required within the product design industry

LO 2: Practice and critique a detailed understanding of current and emerging technologies and applications within the product design industry

LO 3: Recognise research and practice methodologies informing and underpinning product design practice

LO 4: Evaluate the appropriateness of different empirical and creative approaches to problem solving in product design

LO 5: Research and challenge given cultural, social and environmental drivers and their impact on the contemporary product design industry.
